

From A to Gen Z: What You Need to Know about the Next Generation of Diabetes Patients

Why:

To strengthen the patient/provider relationship with young adults living with diabetes, in hopes of ultimately improving overall young adult health outcomes.

When:

Wednesday, October 27, 2021 at 8-9pm ET

Where:

Zoom, registration is free

American
Diabetes
Association®

Join CDN and ADA, along with young adult transition clinical expert Dr. Grazia Aleppo for a one-hour panel discussion that will feature a diverse group of young adults living with diabetes. Find out how to best connect with this population and what matters most to this group so you can help them achieve their health goals.

*Introduction by
Dr. Robert A. Gabbay,
Chief Science & Medical
Officer at the American
Diabetes Association*

*Featuring
Dr. Grazia Aleppo*
